

TLQ Nordic

FLEET SIZE 38 | LENGTH 10.3 M | WIDTH AND HEIGHT 3.3 M | WEIGHT 17.5 MT | ACCOMMODATES 4 OR 2 PEOPLE

Temporary Living Quarters built to Norwegian standards

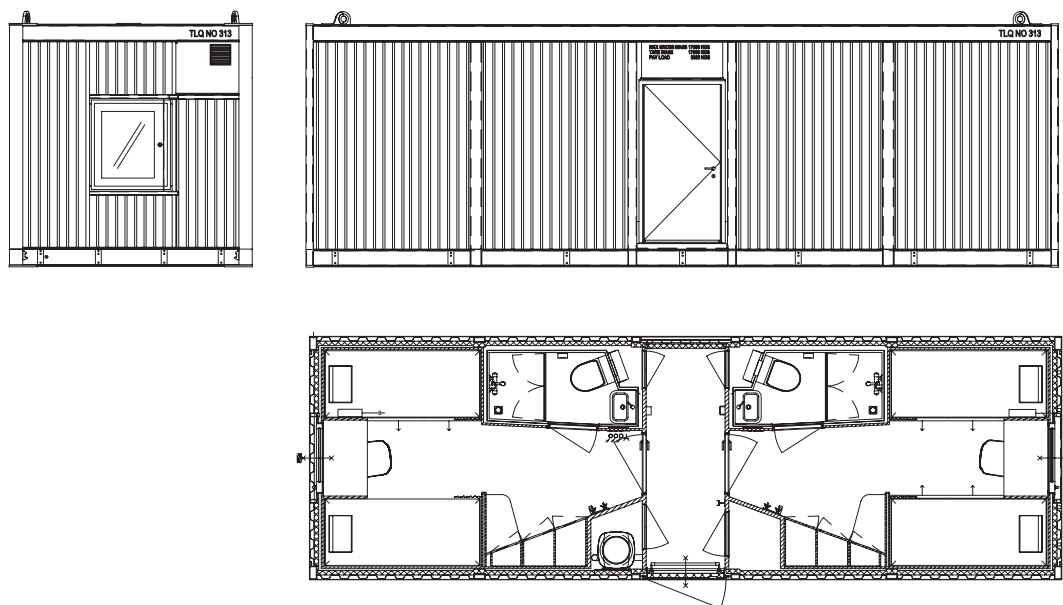

Acutely aware of the increasing demand for more modern and comfortable Temporary Living Quarters, Seafox has become the first company in the world to provide TLQ built to the stringent demands of the Norwegian offshore market. The new generation TLQ are suitable for worldwide use and extreme environments and for any sector of the offshore industry or on board vessels.

Seafox TLQ 'Nordic' have been classified DNV 2.7-2, 2.7-1 - the highest standard - and they have been built in the Netherlands according to NORSOK guidelines, ensuring maximum safety and comfort.

They represent 'a true home away from home'. Each cabin has two spacious single beds. The accommodation units have an elegant design, providing a relaxing environment for free time, which means occupants return to work refreshed and ready for their next shift. Seafox has considered all aspects of offshore welfare in this new design, recognising that having all the comforts of home enhances performance at sea.

TLQ Nordic

Temporary Living Quarters built to Norwegian standards
